PROFILE

I am a dedicated and enthusiastic web developer with a strong interest in modern web technologies. I enjoy building clean, scalable, and user-friendly applications that feel good to use.

I love solving problems, learning new tools, and turning ideas into real products. My focus is on writing maintainable code, crafting thoughtful interfaces, and shipping work that people enjoy using.

SKILLS

Frontend	React · Next.js · TypeScript · JavaScript · HTML5 · CSS3 · Tailwind CSS
Backend & Database	Node.js · Express.js · MongoDB · Better Auth
Tools & Workflow	Git · GitHub · VS Code · Postman · Figma

SELECTED PROJECTS

Development Stack

Developer Tool

An interactive web showcase application built for developers to compare frontend, backend, database, and modern tooling options side-by-side to choose the perfect tech stack for their next project.

Tech: React, TypeScript, Tailwind CSS, DaisyUI

Live demo Source code

FitLog

Fitness Tracker

An engaging dark-themed gym and workout tracking companion app that helps users choose their preferred exercises, add them to today's workout plan, and track weekly progress.

Tech: React, Next.js, TypeScript, Tailwind CSS, DaisyUI

Live demo Source code

Bazar Dor

E-commerce

A modern e-commerce and market price monitoring web application that allows users to easily compare current market prices, minimum-maximum rates, and price fluctuations of daily essentials such as rice, lentils, oil, vegetables, fish, and meat in one place.

Tech: React, Next.js, TypeScript, Tailwind CSS, HeroUI, Better Auth

Live demo Source code
